Hello, during the process of writing terms and conditions of Homecraft I faced few questions and I wanted to share you this documentation.

Please let me know your thoughts about each point.

- **Manual verification of each professional account. They can only subscribe to a plan once their account is verified (when I will click verified on the admin dashboard). After they registration is validated I'll send a message to confirm that they can subscribe and use the application. Of course, they will be the free trials of 30 days before proceeding to the subscription**

*** Please note that professional only have a subscription, clients have free access.**

- **When a user is reported from the admin dashboard for hate speech of whatever, I want to be able to contact the User via the dashboard, and take action if this is legit.**

- **Also, talking about banishment, I want to be able to ban someone temporarily (15 days, 30 days) or permanently.**

- **Subscription : After the first free 30-day trial period, if users subscribe to a plan, they will benefit from a discounted rate of €99/month (excl. VAT) for their first 6 monthly payments. As you already know but, I wanted to clarify something**

I are talking about the 6 first monthly payments :

Example: After the 30-day free trial, the user subscribes to a monthly plan from January 1st, 2026 to February 1st, 2026 → they will be charged €99 (first payment). If they don't want to subscribe the next month, and they re-subscribe in April, they will be charged €99 again and it will be the (second payment not the 3rd), and so on until they reach six discounted payments.

- **To prevent fraud or abuse, if a user unregister (deleted account) and re-register, for any reason, they will no longer be eligible for discounted offers or free trial periods (45 days), which are reserved for new members only. As such, the standard rate 140€ exlcu.taxes/Month will apply immediately upon re-registration. Of course, they'll first need to be approved again by us manually as a normal registration. l see if it's their first registration or no by their unique SIRET number.**

- **Professionals can buy extra project up tp 3/ MONTH (I am not talking about the normal project (3 week)) but only the extra) As a principe, professionals can access and use their extras credits at any time until the end of their active subscription, starting from the date of purchase.**

Howeover : Once their monthly or yearly subscription ends, these extra project credits will no

longer be usable. If possible I want a little read (i) icon in the extra pop up that dictate this rule.

- Annual subscriptions : only one time pay will be accessible for the moment.

- Admin dashboard customer service : automated message in French (e.g. “Thank you, we have received your message, we will respond within few hours. Homecraft support ”)

- Professional accounts are initially limited to the acceptation of 3 projects per calendar week.
This limit resets every Monday at 7:00 AM French hour.

- If a client’s project is not deleted, it should automatically send a message during the intervention date, to avoid cluttering the professionals' feeds.

-> If the client book directly a professional trough the post, it will be automatically deleted.

-> If no. They will be a reminder « The date of your project is today (insert.date) have you found a professional ?

(Yes, delete the project from the professional base)

(No, change the intervention date.)

When the client will clicks on « yes, delete the project » a new reminder should be wrote « Have you contacted the professional ? (Yes) (If no, please go on your project and contact him by clicking on his profil before deleting.) »

-> All the deleted projects can be still consultables for clients and Professionals (through their favorites) so clients can contact directly trough the projet some interested professionals who wrote them.

The deleted projects (manually deleted or automatically deleted) will be in grey but still clickable so clients can consult professional’s comments and profile. (see picture)

Dev question : Automatically cancel or complete all bookings when the project is deleted?

> No. When a client is interested by a pro who contacted him, he should go on his profile and book him directly trough the professional's page. And the professional will be the first one to mark the projet as « completed ». After his submission the client will also confirm if the booking was indeed completed or not.

> When a professional write under a projet. I would like a little icon (i) that says « Each accepted projet will be consultable on your favorite section on « project accepted ».

The projet should go directly in the pro favorite page (The pro favorite page is actually on the profile page).

Basically :

-> Clients can create up to 4 projects/ week (they can publish a project)

-> Professionnels can accept up to 3 projets/week (they can write under the client's project)

How to Register on Homecraft as a Professional

When registering, in addition to basic essential information such as your first and last name, you will need to provide details about your company in order to create your professional profile, including:

Profession (ONLY ONE per account)

Company name (legal business name)

Registered office address

Professional email address

Professional phone number

SIRET number (ONLY ONE per account)

Kbis extract (optional)

Professional certificates related to your activity

Website URL (optional) related to your activity

Social media accounts (optional) related to your activity

Each profile **will be reviewed on a case-by-case basis.** Once your profile is complete, we will send you a confirmation email to inform you whether your registration has been approved.

	SUBSCRIPTION
CLIENTS	NO
PROFESSIONALS	YES
COMMISSION	NO

CLIENTS CONTACT PRO	**PRO CONTACT CLIENTS**
→ Clients can find professionals through the filtered search engine. → If they meet certain criteria (see more), their profile will be visible. Clients will be able to view it, contact them directly, and schedule appointments at their convenience.	→ On their dashboard, they will see recent projects posted by clients who are looking for specific professionals. → Each project request is filtered so that only projects matching their specific field of expertise and location are displayed.

FILTERS

Primary filters	Secondary filters
Speciality	Best rated
Localisation (city)	GPS localisation via Google Map
Intervention date	Disponibility : today, in 3 days, within this week

30-DAY FREE TRIAL – FREE AND NO COMMITMENT
(No credit card required)

Explore the platform with full access to all features, so you can get a clear understanding of how it works and decide whether it meets your expectations.

Period: From the date of the professional profile validation email until the 45th day thereafter.

FIRST 6 MONTHS AFTER REGISTRATION AT A REDUCED RATE: €99 excl. VAT/month

Enjoy full access to all the platform's features at a discounted price.

Period: At the end of the first 45 free days, if you subscribe, you will benefit from a reduced rate of €99 excl. VAT per month.

*STANDARD RATE (after the first 6 months): €140 excl. VAT/month

Enjoy full access to all the platform's features at the standard rate.

Period: At the end of the 6 months at the reduced rate, your subscription will continue at €140 excl. VAT per month, with no commitment. This standard rate applies on an ongoing basis.

UNIQUE ANNUAL SUBSCRIPTION

Rate: €1,300 excl. VAT per year, representing a discount of over 20% off the standard rate.

Period: From the payment validation date, valid for one year (12 months).

Please note that at the end of your subscription, your profile will not be deleted. It will simply be deactivated and will no longer be visible to clients. To reactivate it, you will need to subscribe to a new plan.

IMPORTANT: To prevent any fraud or abuse, please note that if you delete your account and then re-register, for any reason whatsoever, you will no longer be eligible for our discounted offers or the free trial days reserved exclusively for new members.

From the moment you re-register, the standard rate of €140/month (excl. VAT) will apply. Please refer to the re-registration section.

Google map option (clarification)

The Google Map option is available to make it easier for individuals to search for professionals. They can see in real time which professionals are located nearby, which are the highest rated, and which are available now, within the next three days, or during the week.

-> Also Invisible mode should be here for the professionals who want to hide their profile (if they are on vacation for exemple) but the mode is not present for Clients.
